Hi Megan - The utility limitations are related to TANF requirements, so I'll have to get clarification from DSS on how exactly they define it. I'm currently out of the office today, but will get in touch with them on Monday when I return.

Hi Emily,

I want to make sure I am understanding the information in the RFP correctly and giving my nurses the right information for their clients.

It says Utility Assistance is limited to 3 months in a 12 month period; but within each of those 3 months, could we assist with multiple bills fitting the category? Such as paying an electric bill, gas bill, and water bill all in 1 month?

Let me know if I am understanding this correctly. Also, is their currently a limit on the \$ amount of assistance for utilities? I realize housing is \$600 and car is \$400, but there isn't any language about maximums for utilities.

Thanks! Megan
